**Including the Dispersion of
The Massey-Harris Herd**

QUALITY AND BLOODLINES

RARELY OFFERED FOR SALE . . .

Calrossie

. . . . the world over, the most famous name in Shorthorns, having just won their 14th Supreme Championship at the Perth sale. Two bulls bred to Calrossie, one Calrossie cow, and much close-up Calrossie breeding is offered in this sale. These cows are members of the Calrossie herd.

The W. E. Giddens Sale

MADISON, GEORGIA

SATURDAY, APRIL 12, 1958

10 Bulls

58 Female Lots

Including The Massey-Harris Herd

. . . . One of Canada's Greatest

On the Cover

Four females at Massey-Harris Farms. We purchased this great herd and are dispersing it through this sale.

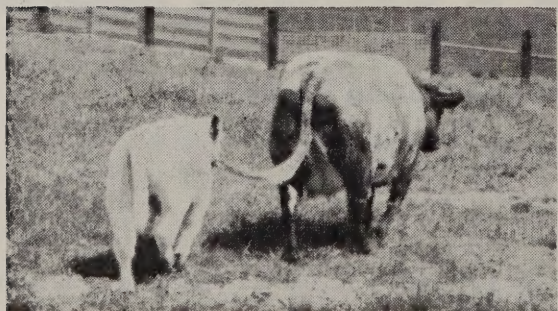

Deep-bodied, short-legged imported cows like this with top calves at foot, sold in our 1957 sale . . . there will be an even better selection this year.

A year ago I bought the entire Maclyn herd and dispersed them. It was a successful sale. The cattle were the kind people down here . . . and everywhere else . . . have been wanting . . . the kind I look for myself when I go out to buy. The cattle have done very well for buyers, so I am going to try it again.

Early this year I learned the Massey-Harris herd was for sale. I flew to Ontario . . . I liked them even better than the Maclyn cattle, and bought them. This herd was owned by the Massey-Harris Ferguson Implement Company, one of the biggest corporations in North America. Located on their experimental farm, with the best of management and conditions, it was only natural they wanted the very best. They found what they wanted, bought it, without price quibbling.

To found their herd they went to Scotland, purchased the finest imports, from such herds as Calrossie, Beaufort, Cluny, Saltoun, and Upper-mill. They also purchased the best in North America from such herds as Louada, Aberfeldy, Edellyn, Marellbar, Klaymor and Glenburn. The Massey-Harris cattle make up 37 female lots, largely the original foundation cows purchased in 1953 and 1954, their imported-in-dam daughters, and, of course, the best heifers produced at the farm by such bulls as their Perth reserve junior champion, Duncrahill Brigadoon. The big share of these females have calves at foot now or will soon calve.

C B Scotch Beauty 2nd sold in our last sale for \$1,600 to Hazard Stay, Athens, Georgia. Her bull calf by Calrossie Ocean Wave sold for \$735 to R. R. Johnston, Dancy, Alabama, and is being retained by him for a herd sire.

Don't Overlook the Good Ones from Our Herd

Our own herd has been progressing remarkably well. We have been among the most active buyers of top females. We had planned to keep practically all of the Cruggleton Peglers heifers, but you can't have a sale without selling some of your own good ones. In addition to the Peglers heifers . . . all half sisters to the 1957 International grand champion, Leveldale Virile, we are reaching into our cow herd.

We've Been Told You Can't Do It Two Years in a Row

Some folks have told us that because we did the same thing a year ago with the Maclyn herd, had a successful sale, people may feel the cattle will sell a little too high for them, and we won't have the same kind of a crowd we did a year ago. They know the Massey-Harris cattle cost a good deal of money and I am liable to lose. That's my tough luck.

In the first place, I do not feel a few hundred dollars over the price of an average female is too much to pay for a top one bred to the kind of a bull that can deliver a calf that will pay the whole bill. Just as important, I know that by doing this we are building the breed with rare quality backed by the strongest ancestry. In my opinion, breeders want this kind if given a chance to buy them.

I have also made up my mind that we would offer ten bulls at this sale that would be as good as any bull selection to be sold anywhere this year. Fortunately, we had a good start with three really top Cruggleton Peglers bulls, a Calrossie Ocean Wave son, and a bull calf from White Plains. We have a two year old imported bull that has been used and can spare him. We bought two thick, rugged sons of Calrossie Forward March from Reford Gardhouse for this sale.

These cows and calves sold in the 1957 Giddens sale. They were purchased by buyers from nine states and Canada.

A few of the cows that sold in our 1957 sale.

We really went out on a limb for a pair of young bulls, bred at Calrossie and dropped at Louada and Aberfeldy. These bulls were being brought along for herd duty in those two great herds.

Whether the medicine is good or bad on April 12, we are enjoying making these good cattle available and hope you will be with us. Try to come the day before. It gives you a better chance to study the cattle, gives us a good chance to visit with you.

General Sale Information

TIME—Sale will start promptly at 12:00 Noon, Eastern Standard Time, Saturday, April 12, 1958. Lunch will be served starting at 11:00 A. M. by a church auxiliary.

LOCATION—The W. E. Giddens farm is located 8 miles south of Madison, Georgia, on the Eatonton highway. Madison is 60 miles southeast of Atlanta.

SALE HEADQUARTERS—Madison Motel, Madison, Georgia. We will be happy to make your reservations.

AUCTIONEER—C. D. Swaffar, Tulsa, Oklahoma; Ray Brockinton, Haddock, Georgia.

SALE MANAGER—Don Longley, 16 So. Locust St., Aurora, Illinois.

TERMS—The terms of this sale are cash at time of purchase. Settlements to be made with the clerk immediately following the sale. All stock will be at buyers risk as soon as bid off.

GUARANTEE—All cattle will be sold under the Guarantee printed elsewhere in this catalog. All cattle will be tested for T.B. and Bangs within 30 days of the sale, with the exception of officially vaccinated cattle under the minimum age. Interstate health certificates will be provided for out of state buyers. Since states differ on health regulations, all buyers must be aware of the regulations in their own state. Nearly all of the cattle in this sale are calfhood vaccinated. A certificate of registration and a signed transfer will be supplied with each lot sold properly transferred to the new buyer with the exception of six imported animals, the registration fees for which must be paid by the buyer. Calfhood applications will be supplied for calves in dam or at foot under six months of age. Where footnotes appear in the catalog they were furnished by the owners or written from information supplied by the owner. The terms shall constitute a contract between W. E. Giddens and buyer of each lot. While every effort will be made to protect the safety and comfort of those attending, the owner, sale manager, clerk or auctioneer cannot be responsible for accidents that may occur. Every person attending must assume the risk of injury to himself. The sale manager was retained for specific tasks promotional and clerical and has nothing to do with the condition of the premises, handling of the cattle, fulfillment of guarantees, or possible errors on the health charts.

MAIL BIDS—If you cannot attend this sale you should consider seriously sending a bid to any of the representatives listed below. You can be assured that your bids will be honestly and capably handled and that your instructions carried out to the letter. Last minute messages will reach them at the sale headquarters or farm telephone.

It's Easy to Reach This Sale

Madison is 60 miles southeast of Atlanta, transportation hub of the Southeast. By air you are only a few hours from Atlanta, no matter where you live. We will be happy to meet your plane or train in Atlanta and take you back to Atlanta. This worked very well last year. **The important thing to remember is to let us know . . .** by mail if your plans are made early, or by phoning Madison 765 if you are making last minute plans.

An Analysis of Our 1957 Sale Proves You Can Own The BEST at Practical Prices

Don't let averages frighten you. Even in a sale that averages high, well over half of the cattle are sold at price levels anyone interested in improving their herd can afford. I have noticed that some of the best bargains are in sales where so many good cattle are exposed for sale at one time that a lot of them are bound to sell for less than their value.

It isn't what you pay . . . it's what you take home. If you deduct the value of an outstanding calf in dam, and in many cases a calf at foot, you can obtain a really top female for even less than many are accustomed to paying for mediocre cattle.

A price breakdown of last year's sale illustrates this point very well. Many of these prices include a total of a cow and calf lot where the calf was sold separately.

Remember, too, we deliver free up to 800 miles. This is a big saving for our customers.

We were pleased that so many of the cattle in our 1957 sale stayed in the Southeast to help build a stronger breed in this great cattle country.

Leveldale Virile.
Shown winning the
1957 International
Grand Championship.
His sire, Cruggleton
Peglers, is one of the
Giddens herd bulls.

Only rarely are great collections of cows offered for sale. It is even more rare to find a man who will buy such a herd so that a top group can be sold in this area.

The selection of the Massey-Harris herd was a good one. I have been at M-H Farms a number of times and have always admired their strong foundation. That herd was under the extremely capable management of Bill Sutherland. Health and records are the best.

For years I have watched Southeastern breeders buy top animals in every section of the nation . . . have watched the herds grow continually stronger. The Giddens sales provide another excellent springboard. Those who buy these cattle will be adding females capable of producing the kind of cattle that can be sold for premium prices.

While attending the sale be sure to study Ellis Giddens' own cow herd. It is one of the strongest anywhere in the nation.

DON LONGLEY,
The Shorthorn World,
Sale Manager.

About The Registration Fees

For The Imported Cattle

Most breeders are aware that the American Shorthorn Breeders' Association has importation fees on cattle brought in from outside the United States.

There were 42 cattle in this sale subject to these fees . . . some just the \$10 fee required for Canadian cattle . . . many the higher fees required on cattle imported from Scotland.

Of these 42 animals we have either paid the fees, or they were paid previously, on 36 of them. We did this because on these, payment of the fee on one animal cleared up several others. It would have been too complicated to require purchasers to divide payment of these fees among several people buying animals all related to the same fee.

However, there are six animals in this sale on which the fees have not been paid . . . animals where the fee relates only to themselves. Four of them take the \$100 fee required of cattle imported prior to 1954. Two of them require the \$200 fee.

In the case of all of these cattle it will be clearly stated in the footnote in bold face type whether the fee has been paid by us or whether it will have to be paid by the buyer.

In view of the large check we wrote to the American Shorthorn Breeders' Association to clear up 36 of these, we do not feel it is unfair to require the buyer . . . who will be the ultimate user of the animal . . . to pay on the remaining six. This is the procedure followed in Canadian auctions. We have paid this fee many times on cattle in our own herd. We do not offer here our opinion as to the policy of the Association in requiring these fees. It is like a lot of other products that are imported. You pay for the privilege of buying on a foreign market. Since this operates as a tariff, in principle, we believe the person using the product should pay the duty. It is a fortunate situation for buyers that the fees have already been paid on over three-fourths of the cattle involved.

CRUGGLETON PEGLERS was purchased in the 1953 Mathers sale by W. E. Giddens for \$4,900. He was used in the Mathers herd for a few months prior to his sale. Sons sold in later Mathers' sales for \$9,000, \$4,600, and \$3,350.

His most famous son is Leveldale Virile. Among Virile's many championships include the Grand Championship of the 1957 International in Chicago, the Reserve Grand Championship of the 1956 International. He is currently in service in the Mather herd and that of Dale McMackin, Troy, Illinois.

We had made up our minds to save nearly all of our Cruggleton Peglers daughters, but have decided to sell six as a sale attraction.

Cruggleton Bilsland was sold in the Cruggleton Dispersion for \$10,800. Thirteen Calrossie Harmony daughters in that sale averaged over \$2,800. Fourteen Cruggleton Annexe daughters in the Cruggleton Dispersion averaged over \$2,000.

Calrossie Welcome, possibly the greatest sire of all time. We have used two sons, Calrossie Ocean Wave and Calrossie Outlook. Lot 1 is a grandson.

LOUADA ROWLAND—One of the best bulls to be sold this year. Bred in the famous Calrossie herd. His sire is a half brother to Louada's \$50,000 Bapton Constructor. Bapton Captivator was purchased at a high price for use in the Calrossie herd, and this is one of his first sons. His mother is an imported cow purchased at a high price by Louada from Calrossie. She is a daughter of Calrossie Hyperbole, sire of the 1958 Perth Champion, Calrossie Fortitude. A great headed, rugged, low-set powerful young bull. We sell him with the reservation that we can mate twenty females to him before he leaves the farm. This is the only animal in the sale on which we will place any price reservation. We feel he can stay here and do a great job, and if he does not bring somewhere near what we invested in him, we reserve the right of using the same system as the Perth sale of refusing the highest bid. WHITE PLAINS SOUVENIR—The bull calf that will be remembered by all who saw him at the side of his dam in the 157 Fall Southeastern Regional. The dam was the top selling cow of that sale. Be sure to see her on sale day. We are selling her as a special attraction. Calrossie King Pin was the second prize winner at Perth and sold for \$3,000 in the Mathers sale to White Plains Farm. The dam is a granddaughter of the famous Aldie Mainliner and is from a great Mathers female family. No import fees required.

ABERFELDY VISCOUNT—A strong, good headed, ready for service bull that we purchased at Aberfeldy for this sale. Aberfeldy will not be having a sale of their own this year, otherwise it would not have been possible to buy this bull. He is by Calrossie Forward March, full brother to Calrossie Ocean Wave. His dam is one of the best cows in the Aberfeldy herd. She was bred at Chapelton and from their great Clara family. All imported fees have been paid.

Calrossie Forward March, a full brother to Calrossie Ocean Wave. Calrossie Forward March is one of the Aberfeldy herd bulls in Canada and is the sire of Lots 9 and 10.

CALROSSIE GOLDEN KATHLEEN—One of the best opportunities that will be offered this year to put one of the breed's really top females in your herd. She was purchased with a calf at foot in the 1953 Campbell sale for \$4,200 by Massey-Harris Farms, and is one of the few daughters of Millhills Champion that is in North America. About the only other places you would find Millhills Champion daughters, and then only one or two, would be in the Louada, Aberfeldy, Edellyn, Mathers and Acadia herds. They just are not to be had, and those who have them will not part with them. Not recorded in the American Herd Book. \$100 fee to be paid by buyer.

PRINCESS ALICE—A rare opportunity to buy a daughter of the famous Uppermill Metaphor. Practically the entire Uppermill herd is made up of Uppermill Metaphor daughters. Those that have come to this country have been great producers. Like all Metaphors, she is thick, deep, smooth, has a world of natural fleshing and a great breedy head. Her baby calf at foot died on the truck on the way down from Canada in early February, but expect to have her rebred by sale time. A daughter sold in the 1956 Toronto sale to E. Not recorded in the American Herd Book. \$100 fee to be paid by buyer.

Look at What Is BEHIND Your Cattle

Left, scene in the great Uppermill herd in Scotland. These are daughters of Uppermill Metaphor. An Uppermill cow sells in this sale.

Buy good cattle . . . of course. But always remember the females you buy will produce in direct proportion to the quality of their ancestors.

We believe in buying the good ones wherever we find them . . . if they are bred right. We have been strong on imported bloodlines because the herds in Scotland have been carefully culled for 150 years. Most of their farms are not large.

Only the best females out of the best producing cows stay in their herds . . . and only then if they are top producers themselves. Be sure the females you buy for herd improvement have not just been "graded-up" through the use of good bulls on mine run females. We know we are offering the quality kind with quality background all the way.

Beaufort Castle.. A Beaufort cow sells in this sale.

To See What Is AHEAD

LAVENDER M H F—The youngest member of the Carstad Lavender family. A beautiful heifer.
Sells open. All imported fees have been paid.

You can't produce the kind good cattlemen want
through the use of top bull alone . . . they must
have good mothers . . . buy the kind offered in this
sale . . . save their daughters. A careful program of
herd replacement: Taking off the bottom, adding to
the top can put you in the quality bracket with very
little additional investment.

Leveldale Rothes Queen. 1952 International grand champion female. 1951 International reserve champion. Sire, Beaufort Bolido. She is a half sister to Morphie Beau Geste, sire of Morphie Marigold Leaf, Lot 34.

NETHERBURN PRINCESS ROYAL 2nd—One of those breedy Cluny Romeo daughters from the famous Briardale herd. Note the good Ransom pedigree on the dam's side. She comes from the Walshford Princess Royal family of which there are others in this sale. She was bred July 3 to the Perth reserve junior champion Duncrahill Brigadoon so should have a calf before sale day. A daughter also sells. **All imported fees have been paid.**

LOVELY M H F—Sired by a son of the International reserve senior champion, Kelburnie Augusta Ransom, that sold for \$5,000 in the International sale. Out of a Klaymor Judge dam. Klaymor Judge females are noted for their thickness and good heads. There are several of them in the L and L Farms herd, and they have been among their best producing females. **All imported fees have been paid.**

We proudly present the next 19 lots as examples of the kind in our own herd. The first seven are all daughters of Cruggleton Peglers. Our original plan was to keep every Cruggleton Peglers heifer, but this is the second calf crop, a third is on the ground, and we feel it wise to show you what our own sires are doing.

Also included are a group of thick, deep bodied, roomy brood cows from our herd. These are dependable producers and the kind we are proud to recommend.

LADY VICTORIA 5th—This beautiful cow was the top selling female in the Fall Southeastern Regional and one we planned to definitely keep in the herd. However, we have decided to put in some of our best females to make this one of the strongest of sale offerings. She will calve before sale day to Calrossie King Pin, the well known White Plains sire. For an example of how well King Pin is breeding, see the young bull we are selling by him in this sale. That young bull is out of this cow. **No import fees required.**

W E G ROSEWOOD BETTY—This cow has had three calves. The University of Georgia has her first. Every calf she has had has been outstanding. Her third calf sells at foot dropped January 2 by Calrossie Outlook. The calf will help this good cow be one of the tops of the sale. **No import fees required.**

We intend to be in the Shorthorn business for a long time . . . a satisfied customer is the best advertisement . . . all the cattle are being sold under the guarantee printed on the opposite page.

GUARANTEE

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, providing they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
5. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.

All prospective buyers should check health requirements of their states.

All animals sold in this sale will be backed by the above Guarantee.

As a safeguard to prospective buyers, every animal has successfully passed a clean abortion blood test within 30 days prior to the sale or will have Certificates of Bang's Calfhood Vaccination, and those that are not from Accredited herds have passed a clean Tuberculin test within the same period. Health certificates will be provided with each lot sold.
